

0° or 30° It's Your Choice!

The Omni® Hysteroscope just got even more versatile

The Omni 30°
Hysteroscope
and operating
sheaths provide
a **beveled edge**
feature

Double the options to meet your patient's needs

CLEAR.

Precise HD rod lens optics enable an optimal See & Treat experience.

CUSTOMISED.

Three interchangeable sheaths with 0° or 30° options offer flexible diagnostic and operative capabilities, complete with longer 200mm working length to ensure you can tailor to the patient and procedure.

COMPREHENSIVE.

One of the most versatile scope suites available for tissue removal procedures. Compatible with a wide array of accessories including Omni® Lok cervical seal and 5 Fr. seal.
